PROFESSIONAL SUMMARY

Product Manager with a strong track record in scaling fintech products, cross-border payment growth, and international market expansion. Experienced in leading go-to-market strategies across Africa, Europe, and North America, and aligning products with regulatory and user needs. Adept at driving measurable business growth through data-driven decisions, strategic partnerships, and customer-centric innovation.

PROFESSIONAL EXPERIENCE

Nomba Financial Services | Lagos State, Nigeria

Product Manager

April 2023 – Present

A fintech with \$58.5M in funding, providing payment solutions to 1M+ users across multiple markets.

- Drove international expansion into four new markets (UK, Canada, France, and Belgium) within two months, leveraging user research and product localization to achieve rapid go-to-market readiness.
- Led market entry into the Democratic Republic of Congo, localizing the product for regulatory and cultural fit within six weeks, resulting in rapid user adoption and strong transaction growth.
- Launched a cross-border payment product that generated \$200K in revenue within 3 months, driving early adoption in high-value remittance corridors.
- Built and scaled a multi-currency wallet, increasing daily active usage by 20% and boosting cross-currency transactions by 10%.
- Designed a rewards-based agent acquisition model, improving onboarding efficiency by 15% and agent engagement by 25%, strengthening network growth in emerging markets.

Payfi Financials | Lagos State, Nigeria

Product Manager

October 2022 – March 2023

A Techstars-backed Buy Now Pay Later (BNPL) fintech helping users improve financial flexibility.

- Developed a go-to-market strategy for Canada, aligning product compliance, user behavior insights, and partnerships to position Payfi for global expansion.
- Implemented data-driven decision frameworks through A/B testing, cohort analysis, and user feedback loops that improved product outcomes by 25%.
- Launched a gamification and rewards system, improving user retention by 10% and increasing BNPL customer engagement.

Top Metrix Media Solutions | Lagos State, Nigeria

Product Manager

January 2021 – September 2022

A startup specializing in YouTube growth & digital content strategies.

- Managed 5+ media projects, improving on-time delivery by 30% and reducing costs by 20% through efficient project management and process improvements.
- Launched multi-channel campaigns that increased audience engagement by 40% through data-backed optimization.
- Introduced a project management system that improved team efficiency by 35%.
